

	John McGivney Children's Centre School Authority Student and Student Health – Procedure	PR 4018
	Student Use of Guide Dogs and Service Animals Procedure	

1. PURPOSE

- 1.1 The John McGivney Children's Centre School Authority, in accordance with its obligations pursuant to the Ontario *Human Rights Code*, is committed to providing individualized accommodation to students with disabilities to enable them to have meaningful access to education services in a manner that respects their dignity, maximizes integration and facilitates the development of independence.
- a. The School Authority utilizes specialized programming support to provide meaningful access to education for students who have disability-related needs that impact their learning.
 - b. The School Authority does not provide Guide Dogs, Service Dogs or Service Animals to students.
 - c. The School Authority encourages any family considering the purchase of a Guide Dog, Service Dog or Service Animal to meet with the school principal prior to making a commitment.
- 1.2 This Procedure identifies the individualized process to be followed when a parent/guardian applies to the School Authority to have a Guide Dog, Service Dog or Service Animal accompany the student while the student is attending school or a school-related event.
- 1.3 Pursuant to the *Education Act* and regulations, a school building is not a place to which the public is customarily admitted. Pursuant to the *Education Act* and Ontario Regulation 474/00 *Access to School Premises*, the John McGivney Children's Centre School Authority has a process for school visitors.
- 1.4 Any determination of whether a Guide Dog, Service Dog or Service Animal is an appropriate accommodation for a student while receiving education services is a decision of the School Authority. A regulated health professional cannot unilaterally prescribe that a Guide Dog, Service Dog or Service Animal be a specific accommodation while the student is receiving education services at the school.
- 1.5 When a parent/guardian seeks to have their child attend school or school related events with a Guide Dog / Service Dog, both the Guide Dog / Service Dog **and** the Student Handler must be certified as having been successfully trained by an accredited training facility.
- a) Only in exceptional circumstances subject to the standards of undue hardship pursuant to the *Human Rights Code*, will the School Authority consider an application for a student who will not be acting as the primary trained Handler of the Guide Dog / Service Dog.

- 1.6 Only in exceptional circumstances subject to the standards of undue hardship pursuant to the *Human Rights Code*, will the School Authority consider Service Animals, other than dogs, as an accommodation for a student and only if other reasonable methods of accommodation in the school setting have been unsuccessful in meeting the demonstrated disability-related learning needs of the student.

2. BACKGROUND

- 2.1 Service animals have traditionally been highly trained dogs that assist individuals with various tasks of daily living (Guide Dog, Hearing and Signal Dogs, Mobility Assistance Dogs, Seizure Response Dogs).
- 2.2 In most circumstances, a Guide Dog will be a highly trained dog provided to support the orientation and mobility needs of a student Handler who has a diagnosis of blindness/low vision, and the Guide Dog will provide the student Handler with greater independence, dignity and opportunity for integration.
- 2.3 The term Service Animal is used in the *Accessibility Standards for Customer Service* made under the *Accessibility for Ontarians with Disabilities Act (AODA)*, to describe an animal that assists an individual with a disability to be able to access goods and services available to the public. **A school is not a public space and is not generally accessible to the public. The AODA does *not* apply to a student's use of a Service Dog / Service Animal when accessing education services in a school building.**
 - a) Pursuant to the *Code* it is possible that a Service Animal might include different species that provide a therapeutic function (horses), emotional support, sensory function, companionship and/or comfort.
 - b) The determination of whether the animal is an appropriate accommodation in the school setting to accommodate a demonstrated disability-related learning need is a decision of the School Authority.
 - i. Such a decision will consider that animals, other than dogs, are not trained by an Accredited Training Organization and may pose a risk to the safety of students and staff and/or may be disruptive to the learning environment and/or may act as a distraction in the learning environment.
- 2.4 Due to risks to safety, and risks of disruption and distraction in the learning environment, the School Authority does ***not*** permit training of potential guide dogs and service dogs in the school setting or during school activities.
