Ms. Spadafora's Class 5 News

Welcome parents to the 2019/2020 school year! This year we are going to explore learning through many different sensory activities such as hands-on lessons, robotics, exploration and Smart board lessons. The Class 5 team is looking forward to learning and growing with your child and providing them with a safe and welcoming school environment.

This month we have been getting to know our new friends in the classroom, and creating bonds between students and the educators. We started reading texts with a sensory review and are learning how to sequence the events of a story appropriately. In math, we have been exploring the parts of the body learning songs such as "Head Shoulders, Knees & Toes" and creating our own Mr. Potato Head. The students have been surrounded by lots of core vocabulary and are already starting to make gains in communication goals. We are excited to see what we are going to be up to in October! Don't forget to check our class site to see what we have been up to!
