	John McGivney Children's Centre School Authority Administration – Policy	P 2005
	Fundraising	

The John McGivney Children's Centre School Authority recognizes that fundraising should reflect the mission and vision of the School Authority as well as the values and expectations of the school community. It also allows for community participation and provides extra funds for special purposes.

The goal of all fundraising is to enhance the educational environment and opportunities for students.

POLICY GOALS

1. To ensure that fundraising has a designated purpose and that the proceeds are used for that purpose.
2. To ensure that funds are raised for school purposes and are used to complement, not replace, public funding provided through provincial grants for education.
3. To provide consistent fundraising procedures and promote safekeeping of school generated funds.
4. To ensure that fundraising activities are voluntary, developed, organized, consider student safety and are reported on using a transparent and accountable process to meet the public's expectations and demonstrate ethical stewardship for public dollars.
