

Art & Music News

Mrs.T

WELCOME returning students and brand new families alike.

September has been an absolute joy seeing everyone's sweet face and getting to reconnect with returning children and to meet all the new children. In regards to my new students and their families. I am Mrs.T, the Arts Rotary teacher. I will be teaching your child for 50 minutes a day. During those 50 minutes we will work on Art, Music, Drama and Dance.

Art

In my Art Program I will strive to incorporate students O.T. goals by giving children the opportunity and freedom to manipulate different materials in an organic way that will allow for exploration and experimentation while encouraging fun and love of the arts.

Music

During the Music Program my focus will be to teach music concepts as well as using the benefits of music to aid in relaxation, brain breaks and de-stressing. My program will provide purposeful music that aids in helping to achieve alertness as well as focus. Music will supply a space to incorporate concepts that students are learning alongside their classroom teacher. These concepts can be reinforced through songs and flannel stories.

Drama

Drama is a fun and exciting program that will introduce students to a new fondness for stories, puppets, costumes and even some acting. Drama should be fun for everyone. I am aware that every student is different and I will make it my priority to meet every student where they are so they can experience the love and silliness that drama can bring to all.

Dance

During my Dance Program I intend to strive to create a program filled with purposeful movement that provides an opportunity for students to learn to sense where their body is in a given space. Students will also learn body parts and feel repetitive movements in their chairs or on their feet. This class is intended to provide a space for students of all abilities to experience different styles of dance with the focus always aiming for fun and fostering creativity and joy.
