

December 2019/January 2020

Fantastic Four!

HAPPY NEW YEAR
2020

Please remember to send in extra clothing for your child to keep at school.

Students in Class Four got into the holiday spirit with ease, and greatly enjoyed working with other classes on our many holiday projects. Thank you to Class Five and Mrs. T. who collaborated with us to design our Winter Wonderland motion picture. The students loved seeing themselves on the "big screen"!

Reminder: Class Four Students have each been set up with their own Digital Portfolio. Only those with the QR Code can access this portfolio - please keep this safe. Many photos have been added in December! Please contact Mrs. S. if you have any questions.

We have explored our first segment of Measurement utilizing Non-Standard units. Students have been exploring these concepts using hands on activities, digital work systems as well as task systems.

Our Roadway to Reading:
