

# December

## CLASS 2 News

It is beginning to look a lot like winter!

We have been learning about Hanukkah and the Celebration of Lights as well as Christmas celebrations in our class. We hope to learn and experience some of the wonderful celebrations that are meaningful to our families. Please continue to share any pictures or stories that would enrich our classroom celebrations.

This month, we will begin our shape inquiries by exploring shapes in math activities, art, stories and songs. We will look to identify shapes in our environment and to compare their distinguishing features. Great SHAPE!

As part of our food/kitchen inquiry, we have tasted a few different foods. Last month, we tasted avocado and tangerine. We will be participating in literacy activities using empty food boxes/containers. Please send in any boxes that we can use in class. Thank you

### Reminders

Have a wonderful and safe winter holiday and we will see everyone again in 2022!
