December 2022

COMMUNICATION CORNER

It's hard to believe that we are in the last month of 2022! The children have grown and developed wonderfully, and we are so very proud of their accomplishments thus far.

I would like to take this opportunity to wish Miss. Michelle the best of luck on her new adventures in the teaching world at GECDSB! We will miss her tremendously, but we know she will be an amazing teacher! With that said, I would like to welcome our new support staff, Mrs. Ashley, to our Class 1 team! **WELCOME Mrs. Ashley!**

The holidays provide many opportunities for your children to interact and use their core words and communication devices in natural situations. While trimming the tree, they might want a **turn** or need **help** with putting **on** decorations. With gifts, they can guess **what** is **in** the box or ask to open it. With holiday music or movies, your children can request to play **more** or you can play **go** and **stop** with toys or turn your holiday tree lights **on** and **off**. This is a great way to prepare your children for a lifetime of meaningful communication!

Happy Holidays,
to the Wonderful Families
of Class 1!

Mrs. Win, Miss. Cindy & Mrs. Ashley

A Special Message from Miss. Michelle!

"Thank you Class 1 students and families for a great start to a new school year! It has been an honour to get to work with each one of these amazing kiddos and I will miss all of their beautiful smiles. I'm looking forward to hearing from the team all of the students' accomplishments throughout the year, and seeing what Class 1 is up to on Twitter! Being a part of Class 1 will always be close to my heart and I will forever cherish the memories that we've made together!"

*Sincerely,
Miss. Michelle*
