

# Class 3 February News

Happy February! We want to thank all of our families again for supporting our students in our virtual classes. We could not have done it without you! We also want to welcome everyone back to in school learning. We will continue to learn and grow together.

In Science, we have begun to discover what animals hibernate during the winter. We are learning who sleeps the winter months and who migrates to warmer homes. We especially enjoyed our weekly field trips to the Toronto zoo and to the Arctic.

Go Away Big, Green Monster!

We have begun our new TELL book. This is a fun book to practice core/sight words, colour recognition and sequencing to an end product. This is also a funny book to learn about spatial awareness. Enjoy all our super art activities!

## Reminders

Please sign and return the original report card and IEP as soon as possible. Also, please remember to return any big bags and Ipads from virtual learning. Thank you 😊

## Birthdays and Other Important Dates

Report Cards go home –Feb.8 PD day - Feb. 12  
Family Day (no school) – Feb. 15
