

Art & Music Cafe

Mrs.T

Art: Textures, Printmaking, Stamping

Music: Following Hand Clapping, Beat

Drama: The Three Little Pigs, Goldilocks

Art

Valentine's Day was spent using squeegees to paint our red and purple hearts. This was a new tool for the students and was truly a hit. We focussed on stamping and all the incredible objects you can use for stamping including regular stamps as well as veggies, fruits, animal prints and legos. Some students participated in printmaking.

FEBRUARY

Students, this month, were exposed to some beautiful music, culture and traditions relating to “Chinese New Year/ Lunar New Year”. We made tambourines and drums then paraded around our classroom following a hand made Dragon. Students listened to stories and were immersed in a beautiful event

Music

We spent the month exploring different genres of music with incredible African American Artists. Some students painted while listening and others felt the music and just wanted to dance! We also practiced some hand clapping to the beat of the music.

Drama

Some classes explored two familiar fairy tales “The Three Little Pigs and Goldilocks” using sensory items, while others re-told and even acted out parts of the story. Some students were encouraged to use their Step By Steps while others were encouraged to memorize simple lines to the play.
