January 3, 2022

Good afternoon,

Today, the Government of Ontario announced that due to significant concerns regarding the current spread of COVID 19, all Ontario schools will switch to virtual learning effective Wednesday, January 5 2021. Virtual learning will continue provincially until Monday, January 17, 2022.

As such, effective January 5th, the JMSA will commence remote learning for all students via the Google classroom. Technology has already been provided to all students who requested it via the parent survey. Your child's classroom team will be contacting you shortly to arrange for the pick-up of any extra items (e.g., step by step, art materials) that might be helpful.

The JMSA is awaiting further direction and resources from the Ministry of Education to safely provide for "in person" learning for students with significant needs who are unable to learn remotely. We very much appreciate that these sudden changes in school are very challenging for families, and we are committed to sharing information in the timeliest manner possible.

As always, maintaining a safe learning environment for JMSA students and staff remains our priority.

Thank you

Brenda
