

	John McGivney Children's Centre School Authority Staff and Volunteers - Policy	P 3013
	COVID 19 Vaccine Disclosure and Immunization Policy	

The John McGivney School Authority (JMSA) is committed to providing a safe and healthy work environment for staff, students and all visitors. The JMSA recognizes the importance of immunization as a key element to help keep school settings safe. As mandated by the Ministry of Education, effective September 7, 2021 the JMSA developed and implemented a COVID-19 immunization disclosure protocol for designated individuals.

The JMSA is located within the John McGivney Children's Centre (JMCC). The current JMCC immunization policy requires that all tenants, staff, students, volunteers, contractors, and frequent visitors to the building be fully vaccinated against COVID-19.

To adhere to MOE directives and JMCC requirements, effective immediately, full COVID-19 vaccination is required by the JMSA for all staff, trustees, volunteers, third-party contractors, student practitioners, frequent visitors and other professionals who provide in-person services in schools and who have direct contact with staff and/or students.

Due to the evolving nature of COVID-19, this policy is subject to change, as required by Ministry of Health and Ministry of Education directives.
