

March

CLASS 2 NEWS

Spring is just around the corner and we can't wait!

In Class 2, we have been learning about arctic animals - learning their names, the sounds they make, where they live, how big they are and what they eat. It has been a lot of fun playing in the snow and ice like the arctic animals!

It has been so exciting to learn hands on how the arctic animals stay warm and even comparing how big they are to all of us! This month, we will be participating in some fun activities and experiments from Let's Talk Science :)

We will be celebrating Dr. Seuss, since March is this author's birthday month. Seuss Study will support our literacy development, sound identification and lots of sensory exploration to the fun books ~ The Foot book, Green Eggs and Ham and Hop on Pop !

Reminders

As the weather gets nicer, we will be going outside more. Please remember to send in hats, mittens, etc to stay dry and warm.

Important Dates:

Miss Rabiya's birthday - March 2

Sophia's birthday - March 17

March Break - March 14-18 no school
