CLASS 2 NEWS

Everything grows and grows! We are so happy to enjoy all the beautiful flowers and trees that have bloomed this month. All the April rain has made everything grow. Be sure to check out all our pictures of learning on the JMCC website- Class 2. Our class has planted tomato, basil and lavender seeds and are excited to see how our plants grow.

We have new “guests to be” in our classroom this month. There are 12 chicken eggs in the incubator- growing and changing inside the egg everyday. Later this month, we hope to officially welcome them. We are learning so much from this experience!

This month, we will be venturing outside more for outdoor inspired math and literacy activities. We have been noticing the changes with the rain and the warmer weather. So many birds and insects are outside and they are interesting to us as we sort, count and name them!

Reminders

A friendly reminder to please send in spare clothes for those times when our learning may get a little messy :)

Birthdays and Other Important Dates

May 13- Happy Birthday, Jojo!

May 15 Happy Mother's Day

May 25 Happy Birthday, Logan!/Challenger Baseball field trip

May 23 Victoria Day Holiday— No school
