October 2020

## COMMUNICATION CORNER

We have had an awesome start to the new school year! The children have adjusted well to our daily routines, and have been very busy learning new and exciting lessons, and making new friends.

In the last couple of weeks, we as a school and therapy team, have established your child's individual education plan for this school year. Goals have been set for school curriculum, as well as occupational therapy, physiotherapy and communication. We look forward to implementing these goals into our school day! Completed IEPs will be sent home this month.

A reminder to continue visiting our Class 1 Google Classroom. Photos and learning activities are updated weekly. If you have not received the link to join our Google Classroom, please let us know, and we will send you the link to join.
